

# DVS AND IGC-SEA WORKSHOP

DVS & iGC  
Workshop  
6. October

**Date :** Tuesday 6. October 2015

**Time:** 9:30 - 16:00

**Location:** Søhuset Konferencecenter, Forskerparken DTU  
Venlighedsvej 10, 2970 Hørsholm.

The workshop will cover in-depth Dynamic Vapor Sorption (DVS) and Inverse Gas Chromatography (iGC) techniques, from theory to common applications in material characterization.

**Who ?** It's for the experienced user as well as the people new in DVS and iGC techniques, and will be a mix of theory, user presentation and demo.

**Why ?** To get a better understanding on the use and benefits of DVS and iGC.

- 9.30 - 10:00 Registration and coffee
- 10:00 - 10:15 Welcome and introduction of the day
- 10:15 - 10.45 Introduction to Sorption Science
- 10.45 - 11.15 User presentation (experience & benefits)
- 11.15 - 11.30 Coffee break
- 11:30 - 12:00 Advanced DVS techniques and its use
- 12:00 - 12.15 User presentation (experience & benefits)
- 12.15 - 13:00 Lunch
- 13:00 - 13.30 Introduction to iGC-SEA
- 13:30 - 13:45 User presentation (experience & benefits)
- 13.45 - 14.45 Demonstration at Particle Analytical
- 14.45 - 15:15 Application
- 15:15 - 16:00 Open discussion, questions and summery

The workshop is FREE OF CHARGE. **Please register by reply on this mail before 25. of Sept.**

We look forward to receive your registration and see you at the workshop.
