

**CUSTOM
SYNTHESIS
BACHEM**

PIONEERING PARTNER FOR PEPTIDES

CUSTOM PEPTIDE SYNTHESIS AT BACHEM

- A strong **commitment to quality** is the basis of our long-standing market leadership
- We have the capability to synthesize peptides in **mg to kg-scale** which enables us to supply you with the quantities needed when your project develops
- As a **global peptide partner** we are collaborating with pharmaceutical, biotechnology, diagnostic, cosmetic companies, and academia
- Facilities are located in the US and in Europe including Bachem's **center of excellence** for catalog and custom peptides in St. Helens, UK
- **“Express Manufacturing”** service for urgent orders
- **ISO 13485** certified manufacturing site in Vista, USA

„The excellent quality and the reliable service of Bachem are considered to represent key requirements for our progress in small-scale research projects and development programs.”

Big Pharma Company

LARGE SELECTION OF MODIFICATIONS

- N- and C-terminal Modifications
- Backbone Modifications
- Non-natural Amino Acids
- Glycosylation
- Lipidation
- Methylation
- Phosphorylation and Sulfation
- Cyclic Peptides
- Multiple Disulfide Bond Formation
- Maleimido and Clickable Peptides
- Hydrocarbon-Stapled Peptides
- Branched Peptides
- MAP Peptides
- Depsipeptides
- Peptidomimetics

Our highly experienced custom synthesis teams with **extensive know-how** in sequence design and modifications will deliver every peptide in the quality you need.

PEPTIDE LABELING AND CONJUGATION

- Biotinylated Peptides
- Labeling with Tide Fluor™ and Tide Quencher™
- Labeling with standard dyes and patented dyes
- Heavy Isotope Labeling
- FRET or TR-FRET Peptides
- Pegylated Peptides
- Conjugation to Imaging Agents
- Conjugation to Proteins: BSA and KLH
- Conjugation to Oligonucleotides

„Bachem is my primary source for synthetic versions of naturally occurring peptides. The Bachem range of ready-made synthetic peptides is extensive. I can be confident that Bachem will have my peptide of interest as full sequence, any biologically-relevant metabolites or variants of the peptide, as well as analogues, chemically modified forms and any pharmaceutical based on the natural peptide. Bachem will continue to be one of my most valued Research Partners.“

Big Pharma Company

„Bachem UK has been our major supplier of peptides for the last 33 years. During this period their products have always been of excellent quality, price and delivery. The staff at Bachem are extremely helpful and it has been a pleasure to do business with this company.“

University

„We're extremely pleased with Bachem's services. Bachem's employees are extremely knowledgeable and we highly appreciate their unusually customer-friendly support in all regards. It is a real pleasure working with them.“

Small Biotech Company

„I was very pleased with the service I received from Bachem. From start to finish, the communication was first-rate. I received quick (and patient!) responses to my numerous email inquiries about my custom peptide, and they met their target date for delivery. Highly recommended.“

Small Biotech Company

Bachem - your partner
for custom peptides.

When your requirements
advance from research scale
to process development
and cGMP manufacturing,
we are ready to support you
with our framework of cGMP
production facilities and
dedicated regulatory affairs
staff.

GLOBAL BUSINESS

Bachem facilities are located in Switzerland, the EU, and in the USA.

All cGMP manufacturing sites are inspected by the US-FDA and national authorities.
