

Premium Peptides for Excellent Results

All our peptides are guaranteed HPLC-purified and analyzed by mass-spectrometry!

Custom synthesis

- 1 mg to 1 g
- Up to 100 amino acids
- Cyclic peptides
- Special synthesis

Peptides with modified amino acids

- Acetylated
- Myristoylated
- Palmitoylated
- Phosphorylated
- Rare amino acids
- Stable isotope labelled

Bioconjugates

- KLH
- BSA
- OVA
- Biotin
- Fluorescent dyes
- Toxins

Peptide specific antisera

- Rabbit
- Guinea pig
- Mouse
- Other species on request

Complete immunisation services

- Peptide synthesis
- Peptide conjugation
- Immunisation
- Affinity purification of antibodies
- All-in-one packages
