

ARE YOU CONSIDERING THE NETHERLANDS TO EXPAND YOUR BUSINESS?

The Netherlands is one of Europe's most attractive
& innovative (bio) pharmaceutical industry environments

According to official sources, The Netherlands is home to more than 2,900 innovative Life Sciences and Pharmaceutical companies, employing over 34,000 people, University Medical Centers and research organizations. Together with major multinationals like Janssen, MSD, Amgen, Genmab, Lonza, Astellas, Aduro Biotech, GlaxoSmithKline and Medtronic, The Netherlands boasts one of the most concentrated Life Sciences regions in the world within a 200 km radius.

It is a fact that The Netherlands is already selected by many international (bio) pharmaceutical companies as their preferred location for research

& development, manufacturing, logistics and distribution within Europe. If you consider the Netherlands as your European base, Progress Executive Services is here to assist you at every stage of establishing or expanding your operations.
