

IBOX[°] Active Container

DATA LOGGER

Control and check temperature

HIGH SECURITY & PERFORMANCE

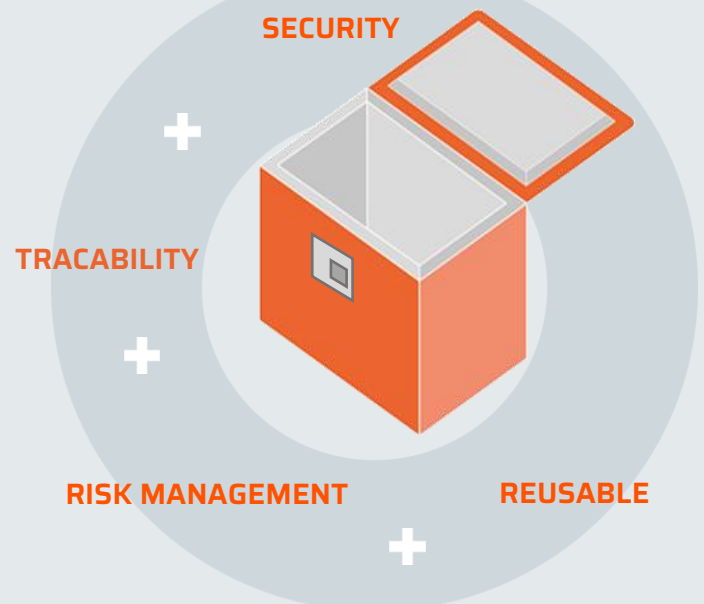

Sofrigam integrates the same technology used by NASA to maintain the integrity of your high-value thermosensitive products. Whatever the outside temperature variations, even under extreme conditions, it maintains the perfect storage temperature up to 120 hours.

IBOX[°] offers you flawless performance to transport anywhere in the world and total freedom of mind.

ADVANTAGES

- Patented and recognized intelligent thermal regulation
- Optimization of thermal performance and mechanical resistance
- Traceability and instant access to data in full compliance
- Easy to prepare and use
